

Supplemental Table 15. The top cited article by year from 2010 to 2019 for craniofacial surgery

Year	Discipline	Top cited article	No. of citations
2019	Anesthesiology	Predictors of perioperative complications in paediatric cranial vault reconstruction surgery: a multicentre observational study from the Pediatric Craniofacial Collaborative Group [51]	5
2018	Plastic surgery	Alternatives to autologous bone graft in alveolar cleft reconstruction: the state of alveolar tissue engineering [52]	17
2017	Plastic surgery	Comparison of three-dimensional scanner systems for craniomaxillofacial imaging [53]	38
2016	Plastic surgery	Effectiveness of a novel augmented reality-based navigation system in treatment of orbital hypertelorism [54]	15
2015	Plastic surgery	Clinical application of three-dimensional printing technology in craniofacial plastic surgery [55]	72
2014	Plastic surgery	Multidisciplinary approach for improved outcomes in secondary cranial reconstruction: introducing the pericranial-onlay cranioplasty technique [56]	51
2013	Plastic surgery	Total face, double jaw, and tongue transplantation: an evolutionary concept [57]	83
2012	Laboratory medicine	Fibroin scaffold repairs critical-size bone defects in vivo supported by human amniotic fluid and dental pulp stem cells [58]	65
2011	Anesthesiology	Efficacy of tranexamic acid in pediatric craniostylosis surgery: a double-blind, placebo-controlled trial [59]	146
2010	Molecular medicine	Prevalence and complications of single-gene and chromosomal disorders in craniostylosis [60]	144
